Filling Out Your Voter Registration Form

Filling out the voter registration form is easier than it may look at first. It asks for things like your name and address, your age, and if you are a U.S. citizen. After you have filled out all your information on the registration form, you must write in the date and sign the form. Then, mail it to your County Board of Elections.

If you do not have a DMV-issued ID or a social security number, you can use a valid photo ID and a current utility bill, bank statement, paycheck, government check or some other government document that shows your name and address to register. Include a copy of your non-DMV ID when mailing your registration form.

You can also register to vote online at <http://dmv.ny.gov/more-info/electronic-voter-registration-application>.

Contact DRNY if you need help registering to vote or have any questions about voting.
